### Billi Quadra 4180 with XL Levered Dispenser

The Quadra 4180 Boiling and Chilled drinking water system is a water cooled, super-high capacity, very large population commercial drinking water solution that maintains the core Billi design principles and requires no joinery ventilation.

The drawback for the entire Quadra range is the use of innovative energy reclaim technology which enables space savings, energy efficiency and completely eliminates exhaust heat transfer.

All Quadra boiling and chilled products are Global GreenTag certified to a Gold standard.

The XL levered dispenser is streamlined and elegant, offering boiling and chilled output delivered safely, compliant to AS1428 and at your own pace by operating the position-sensitive levers.

XL Levered Dispenser

### Features

## PRODUCT SPECIFICATIONS

| Water type          | Product code | Model name  | Dispenser  | Suggested no. of people | Boiling water delivery (cups per hour)* | Chilled water delivery (cups per hour) | Power supply (amps) |
|---------------------|--------------|-------------|------------|-------------------------|---|--|---------------------|
| <br>BOILING CHILLED | 904180L      | Quadra 4180 | XL Levered | Up to 180               | 350                                     | 175                                    | 20                  |

\* Based on the initial number of cups of boiling water immediately available, drawn one cup every 10 seconds. For all underbench filtered water systems, consideration may be needed for usage patterns and draw-off methods. 1 cup = 170ml

### Accessories

992800 - 70mm Riser & Font

992820 - 70mm Riser

992803 - 120mm Riser & Font

992830 - 120mm Riser

990720 - Tubing Extension Kit for X series dual temp dispensers 2mtrs

### Finishes

#### Standard Finishes

|                  |                  |
|------------------|------------------|
| CH - Chrome      | BR - Brushed     |
| MB - Matte Black | MW - Matte White |

#### Special Order Finishes

|                |                         |                     |
|----------------|-------------------------|---------------------|
| RG - Rose Gold | BRG - Brushed Rose Gold | GM - Gun Metal Grey |
| PL - Platinum  | UB - Urban Brass        |                     |

Add the Finish code to the Product Code to finalise your specification, eg. 904180LMB

# TECHNICAL DRAWING & INSTALLATION REQUIREMENTS

## PRODUCT DIMENSIONS

## PREFERRED INSTALLATION LAYOUT

### WATER SUPPLY

A single 1/2" BSP (15mm) stop-tap with a male thread should be installed in an easily accessible position. Water supply must be microbiologically safe to drink, with a minimum dynamic water pressure of 250kPa and a maximum of 1000kPa.

### POWER SUPPLY

A standard 20 amp power outlet is required, located no further than 1000mm from the underbench unit. The system is supplied with a 1 metre flex cord and plug.

### FILTRATION

Billi's range of premium filters utilise BWT's unique Fibron X technology. Billi's filter range provides superior taste, water quality, consistent filter life and peace of mind when it comes to hygiene.

Filter supplied: 994051 (5 micron). Replacement filters available: 994052 (0.2 micron), 994054 (HSD), 994055 (XPHSD), 994056 (Sediment only) and 994060 (0.2 micron sediment only).

### CERTIFICATIONS

Every Billi drinking water appliance is manufactured under a certified quality control system. All Billi commercial range models have been tested and comply with all required standards including: Watermark: WM-021525; Certified to AS/NZ3498 and AS/NZ 4020; ISO9001:2015, QEC 11627; Section J6.6 of the BCA; Global GreenTag LCARate Gold; HACCP: PE-872-WAT-1-02; AS1428 DDA Compliant; WELL Cornerstone Member.

### WARRANTY

The Billi Quadra Range is covered by a comprehensive 2 year warranty on all parts and labour.
