Sahara Plus Range - XR & Paddle

Billi Sahara Plus Range with XR Remote Dispenser & Paddle Lever Mixer

Enjoy all the space saving benefits of Billi's boiling & still Sahara systems PLUS a separate sink mixer to ensure safety and convenience for all users.

Requiring only cold feed mains supply, the Sahara Plus mixes it's own hot water without the need for any additional under-bench space requirements or boosters.

All Sahara Plus boiling & still systems require no joinery ventilation. Supplied standard with the innovative and thoughtful XR remote control panel drinking water dispenser, (useful for ambulant or wheelchair inclusive access), and 6 star rated paddle lever mixer tap, the solution is both functional and appealing.
