

J-CLASS IN WG

Professional water dispensers for medium-scale applications.

Its compact size and powerful performance levels make J-Class a standard-bearer for efficiency and practicality.

A double saving: on time and space.

Water management is simplified, eliminating the need to purchase, transport or store water bottles.

Unlimited Water.

Two options available - 30 and 45 litres per hour - to suit many different applications: offices, bars or homes.

Cutting - Edge Technology

Ice-bank cooling and cold carbonation technology offers optimum performance within a compact space.

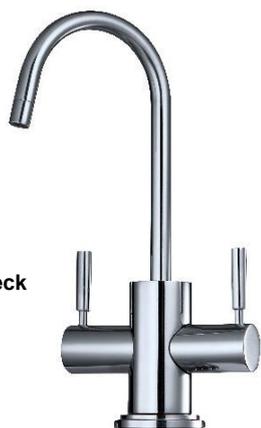

Power and Compactness

Compact and discreet, it can be housed under the sink to increase efficiency in the kitchen!
