

COMMERCIAL DATA SHEET

Quadra Sparkling Plus 9 XL & Gooseneck

Billi Quadra Sparkling Plus 9 with XL Levered Dispenser & Gooseneck Mixer

The Quadra Sparkling Plus is the ultimate in modern design and filtered drinking water appliances delivering instant boiling and chilled filtered water, with the added luxury of sparkling water PLUS a separate sink mixer.

Requiring only cold feed mains supply, the Quadra Sparkling Plus mixes it's own hot water without the need for any additional under-bench space requirements or boosters and utilises underbench ice bank technology to enhance capacity and recovery.

All three drinking water options are conveniently delivered by operating the DDA compliant position sensitive levers on the single above bench XL levered dispenser, with hot and cold water for the sink supplied via separate round gooseneck mixer tap ensuring safety & convenience.

PRODUCT DIMENSIONS

INSTALLATION REQUIREMENTS

PREFERRED INSTALLATION LAYOUT

WATER SUPPLY

Two (2) 1/2" BSP (15mm) stop-taps with a male thread should be installed in an easily accessible position. Water supply must be microbiologically safe to drink, with a minimum dynamic water pressure of 250kPa and a maximum of 1000kPa.

POWER SUPPLY

Two (2 of) standard 10 amp power outlets are required, no further than 1000mm from the underbench unit. The system is supplied with a 1 metre flex cord and plug.

FILTRATION

Billi's range of premium filters utilise BWT's unique Fibron X technology. Billi's filter range provides superior taste, water quality, consistent filter life and peace of mind when it comes to hygiene.

Filter supplied: 994051 (5 micron). Replacement filters available: 994052 (0.2 micron), 994054 (HSD), 994055 (XPHSD), 994056 (Sediment only) and 994060 (0.2 micron sediment only).

CERTIFICATIONS

Every Billi drinking water appliance is manufactured under a certified quality control system. All Billi commercial range models have been tested and comply with all required standards including: WaterMark: WM-022690; Tested to ATS5200.105 and AS/NZ 4020; ISO 9001:2015, QEC 11627; AS1428; HACCP: PE-872-WAT-1-02; WELL Cornerstone Member; WELS 6 star rating registration T40039.

CO₂ Cylinder

The CO₂ gas cylinder supplied must be secured in a suitable location. Each cylinder contains 1100g of CO₂ and should be installed in a well ventilated area. Each cylinder will provide between 200-350L of sparkling water depending on the unit settings. The MSDS is available on www.billi.com.au for a complete list of specifications and warnings. Replacement gas cylinders are available from Billi. CO₂ Cylinder - single 996911 or double 996912.

WARRANTY

The Billi Quadra Sparkling Plus Range is covered by a comprehensive 2 year warranty on all parts and labour.
